

# OUR 8-POINT ROOF INSPECTION

## WHY IS A ROOF INSPECTION SO IMPORTANT?

Severe storms, hail, harsh UV rays, freezing temperatures, tornadoes, hurricanes, tropical storms, and derechos can wreak havoc on your roof. Unfortunately, you may not realize the extent of the damage until major problems occur—and that can lead to costly roof repairs or even full roof replacement.

## WHAT TO EXPECT WHEN WE INSPECT

1. Overall roof condition
2. Valley
3. Ridge cap
4. Shingles
5. Chimney
6. Ventilation
7. Gutter apron / drip edge
8. Flashing

## WHAT HAPPENS AFTER THE INSPECTION?

After a thorough roof inspection, your Roofing Consultant will share the results with you, provide an estimate, and answer any questions you may have.
